EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dolores Herman on 7/24/2006.

The application has been amended as follows:

Claim 21, line 1, after agent, add —composition—.

Claim 21, line 2, delete “wherein said resin color-developing agent comprises”, and replace with “comprising”.

Claim 21, line 3, after resin, delete “composition”.

Claim 21, line 21, after resin, delete “composition”.

2. The following is an examiner's statement of reasons for allowance: In response to the office action dated 3/27/2006, which indicated that claims 1-20 were allowable, and claims 21-24 were objected to, applicant canceled claim 22, and amended claim 21 to distinguish it from claim 1. Claims 23 and 24 were dependent upon claim 1, and upon further consideration are narrower than claim 1, and thus are not substantial duplicates of claim 1. In light of these amendments, the rejections made in the previous office action have been withdrawn. An updated search of the prior art failed to identify any additional references meeting the limitations of the instant claims, therefore instant claims 1-21, 23, and 24 are now allowable over the prior art of record for reasons discussed in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
